- 📍 Lisbon

### Technologies

#### Languages

Java // JavaScript // MySQL // HTML // CSS

#### Frameworks

Bootstrap // Spring // MVC // Boot // Hibernate // JUnit // Mockito

#### Libraries

JQuery // SimpleGraphicsGFX

#### Others

IntelliJ // GIT // VIM // Apache // Tomcat // Apache // Ant // Scrum // Maven // Thymeleaf // AJAX // REST API

### Projects

- **Esteves The Saga**  
Chrome Dino like game
- **BlackJack**  
CMD server game (multiplayer)
- **JavaBank**  
Fullstack Banking platform
- **Home Tracker**  
Full Home Tracking/Managing Sytem

### About Me

From administering anesthesia to coding applications, I've gone from putting people to sleep to keeping them on the edge of their seats with my coding skills!

As a former Operating Room Nurse, Anaesthesia Nurse, and certified Hypnotherapist, I'm excited to bring a unique perspective to the world of tech as a Junior Developer.

I'm passionate about problem solving, deconstructing complex problems and working on projects that make a meaningful impact in the world.

### Education

#### Academia de Código Bootcamp

16 jan 2023 - 21 april 2023

This course was an incredible experience, and it tapped into my passion for puzzles and solving problems.

While the bootcamp covered fullstack development, and provided me with a comprehensive training in a wide range of programming concepts, I discovered that I am particularly drawn to backend development.

Overall, this course was challenging, but it provided me with an opportunity to grow and develop my programming skills. I am grateful for the experience and excited to apply my new knowledge and skills to real-world programming challenges.

#### Licenciate Degree in Nursing

2014 - 2019

#### Integrated Masters - Computer Science (Frequency)

2013 - 2014

### Experience

#### Operation Room Nurse | Anesthesia Nurse | ICU Nurse

july 2019 - jan 2023

#### Employers:

- Cuf Tejo Hospital (07/2021 - 01/2023)
